

SEA FREIGHT LCL CLEARANCE

(Less than a Container Load)

SHIPPING

Your goods are loaded into a container along with other goods. The Container is then delivered to the departure dock and loaded onboard a ship for transport to Australia.

Any goods made from wood products must be fumigated prior to shipping and a fumigation certificate issued.

Contact MTF Logistics to arrange clearance of your cargo.

2

DOCUMENTS

You will need to provide to MTF Logistics the following documents:

- Bill of Lading
- Photo of Goods
- Packing List
- Packing Declaration
- Fumigation Certificate
- Authorisation Form
- Commercial Invoice

3

CLEARANCES

While your goods are on route to Australia, MTF Logistics will be working to pre-clear your cargo through Customs & Quarantine.

CONTAINER

Upon arrival in Australia, the container is unpacked and goods are separated.

You then have 3 days to collect your goods or MTF Logistics can have them delivered to you.

QUARANTINE

Customs and DAFF (Department of Agriculture Fisheries and Forestry) will either release your goods or may wish to inspect them before release.

4

CUSTOMER DELIVERY OR COLLECTION

Once your goods have been successfully released from Customs and Quarantine you will be notified via email.

MTF Logistics can deliver your goods directly to your location or if collection from the container terminal is preferred, appropriate arrangements will be made.
