# Freight Forwarding Australia

The team at MTF Logistics specialise in providing Australian business with reliable and cost effective freight forwarding services, which extend the supply chain to locations across the globe.

MTF's highly experienced agents can provide a customised service, catering to all your cargo needs with tailored & well planned solutions specifically to your cargo type, budget and location.

With a high attention to detail at every stage of cargo transit including pickup, documentation, customs clearance and delivery or pickup, this ensures an efficient and cost effective service delivery and reduces delays that can be costly to your business.

From key locations around Australia, including Sydney, Melbourne, Brisbane, Adelaide and Perth, MTF Logistics team of highly skilled freight forwarding & customs clearance agents manage all cargo with the highest level of care and diligence.

MTF Logistics's freight forwarding services operate both sea & air cargo services. Our highly knowledgeable team can assist in recommending a cargo method which is the best fit for your cargo type, budget and delivery time frame.

## Freight Forwarding by Air

Moving your cargo via air services may be beneficial for smaller, more time sensitive cargo where cost effectiveness is less of a priority.

### The Pros & Cons of Air Freight

- Great for time sensitive freight
- Lower insurance costs
- More expensive for heavier or bulk items

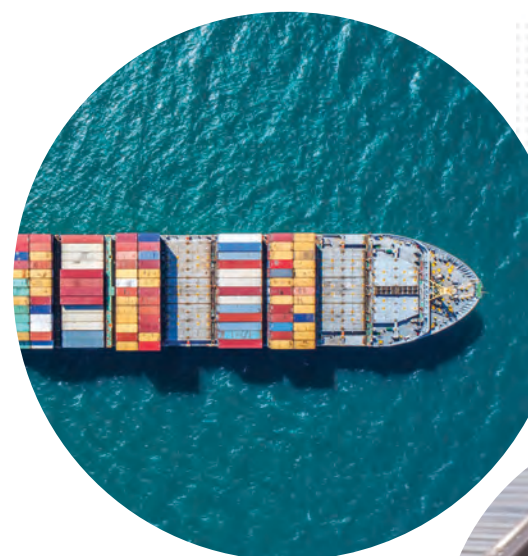

## Freight Forwarding by Sea

Sea freight may suit larger or bulk items which have less priority on delivery time and more focus on an economical shipping solution.

### The Pros & Cons of Sea Freight

- Perfect for heavy or bulk items
- More economical & reliable
- Not suitable for time sensitive freight
- Can be specialised for transport of liquids or perishable items

MTF Logistics sea freight service gives your business reliable freight access to many Asia Pacific locations including New Zealand, China, Japan, Hong Kong, Thailand and Philippines. Our global solutions extend your supply chain reach to locations in USA, Canada, Europe and South America.

5.0 ★★★★★

MTF are very responsive, well priced & a pleasure to deal with. They really are on the customer's side. I've successfully imported all kinds of building materials with them over the last year or so, they always take the stress out of import paperwork & keep my products moving through the system as fast as possible.

These Guys are great which is rare in the freight business, excellent customer service they go above and beyond to deliver

5.0 ★★★★★

We engaged MTF Melbourne to handle our imports and redeliveries after our existing provider deemed our specialised goods too difficult for them to handle. MTF have been nothing short of fantastic to deal with, from the admin & sales staff, through to the logistics team, everybody is a pleasure to deal with, friendly and efficient, and make the entire process a breeze, all at reasonable rates.
